

LOVELTEX

COVERINGS

DESCRIPCIÓN GENERAL

Recubrimientos pintables fabricados de fibra de vidrio para muros, con propiedades antibacteriales al igual que la pintura, ideales para la protección y decoración de paredes y plafones interiores.

el producto es perfecto para espacios nuevos, gracias a su alta propiedad mecánica, evita que aparezcan fisuras y/o grietas y en consecuencia prolonga la vida útil de la superficie. también es solución eficaz para remodelaciones y asimismo crea una atmósfera cálida, moderna y con una decoración única.

LOVELTEX

COVERINGS

VENTAJAS

- *Disimula fisuras
- *Pintable y repintable
- *Decorativo
- *Alta resistencia a golpes
- *Higiene garantizada
- *Fácil mantenimiento
- *Resistencia a la humedad y moho
- *Retardante al fuego clase A1/A2
